

Improve Your Recycling IQ

See if you know what **CAN** and **CAN'T** be recycled.

Recycling YES

Bagged plastic bags

Juice boxes

Milk cartons

Soy milk boxes

Paper or frozen food boxes

Plastic bottles (all colors)

Round dairy tubs

Pill bottles

Mail, magazines, mixed paper & catalogs

Newspapers

Paper bags

Phone books

Cardboard

Shredded paper (bagged)

Aluminum Cans

Metal cans

Metal hangers

Glass bottles & jars

Recycling NO

Plastic food bags

Frozen food bags

Loose plastic bags

Zip-locking bags

Alkaline batteries

Plastic food trays

Lids, caps tops

CDs

Prescription vials

Plastic food boxes

Foam take-out containers

Plastic cups & utensils

Paper plates, cups & napkins (can go in yard waste cart)

Clothing, textiles shoes

Chip bags

Styrofoam packaging

Toxic product containers

Foil

Plant pots

Foil trays

Aerosol cans

Light bulbs

Glassware

Ceramics

What Goes Where?

Combined Recycling

PLASTIC

- ♻ Clean bottles, jugs, jars (*shampoo, soft drink, laundry detergent*)
- ♻ Round dairy tubs (*cottage cheese, yogurt*)
- ♻ Clean, dry shopping bags, newspaper bags, dry cleaning bags (*Stuff into one bag and tie securely*)
Loose plastic bags cause litter
- ♻ Pill bottles (*with neck & shoulders*)

PAPER

- ♻ Flattened clean cardboard
- ♻ Newspaper, magazines, mail
- ♻ Phone books, catalogs
- ♻ Paper food boxes (*liner removed*)
- ♻ Milk cartons, juice boxes, frozen food boxes
- ♻ Shredded paper (*stuffed in a clear plastic bag*)

METAL

- ♻ Empty aluminum, steel & tin cans
- ♻ Ferrous metal (*sticks to a magnet*)
Limit 16" x 16" x 12"

Glass Bin

- ♻ All clean glass bottles and jars
(*No bags, cartons or six-pack rings*)

Ask Evelyn the Envelope

Q. Why aren't recyclable paper, cardboard, bottles and cans allowed in Seattle's residential garbage?

A. Seattle spent \$23 million in 2004 to send more than 900 million pounds of garbage to a landfill. Why waste a good thing? Seattle residents can save up to \$2 million each year and divert 60% of their waste from the landfill by recycling paper, cardboard, plastic bottles and aluminum cans. Recycle. It's not garbage anymore!

Q. Why can't I recycle all plastic items that have recycling arrows?

A. The number in the recycling arrows identifies the plastic resin content. However, the cost of collecting, sorting and remanufacturing exceeds the value of **some** recycled plastic, and so many plastic items cannot currently be recycled. To avoid confusion and contamination, ignore the numbers and remember: **ONLY plastic bottles, jugs, jars, dairy tubs and bagged shopping, newspaper and dry cleaning bags go in your recycling.**

Q. Where can I learn more about what can be recycled in Seattle?

A. Seattle has a variety of easy ways you can learn about recycling:

1. Read and post the recycling and garbage guidelines included on your yearly collection calendar.
2. Visit our website at www.seattle.gov/util
3. For information about recycling services, call (206) 684-3000.
4. To help with recycling in your apartment/condo, sign up for Friends of Recycling at (206) 684-8717.
5. Ask Evelyn the Envelope a question at askevelyn@seattle.gov

Garbage Can

PLASTIC

- ❌ Frozen food, Styrofoam, other take-out containers
- ❌ Styrofoam peanuts (*take to mail house for reuse*)
- ❌ Cups, plates, utensils
- ❌ Produce, bread, or freezer bags, food wrap
